Russian Armies Make Great Drive Capture Twelve Thousand Prisoners

INTENSE BOMBARDMENT OF BRITISH LINES IN FRANCE IN PROGRESS

Germans Freely Using Gas Shells and Tear-Producing Projectiles—British Guns Vigorously Replying—Attack on French Position South of Damloup Repulsed—Rome Reports Successful Fighting and Complete Possession of Cima Valley.

BERLIN REPORTS BIG FIGHT ABANDONED

London, July 22, 7:20 p. m.—British troops operating in the northeastern section of German East Africa have occupied Muheza and Amani and have captured the whole of the Usambara railway, according to an official announcement made here today.

Berlin, July 22, via London, 7:50 p. m.—The German army headquarters staff in the official statement issued today claims that the great uniform Anglo-French attack on the Somme sector in France has been abandoned.

Petrograd, July 22.—via London, 8:10 p. m.—The Russians have driven the Teutonic forces resisting them south of the river Lipa, in Volhynia, near the Galician border, beyond the town of Berestchko to the west. More than 12,000 prisoners were captured by the Russians on Thursday and Friday, making a total of 26,000 captured since July 16.

Apparently the Germans are preparing for attacks in an effort to check the allied offensive in northern France.

London today reports an intensive bombardment of the British lines at places, gas shells and tear-producing projectiles being freely used. The British guns are replying vigorously. The afternoon bulletin from Paris ignores the Somme front. In the Verdun sector the Germans attacked a French position south of Damloup, northeast of the fortress, but were repulsed, this bulletin says.

Berlin announces the sinking by German submarines on July 17, of six British trawlers off the English east coast. The British steamers Wolf, of 2,443 tons, and Karma, of 2,354 tons, and the French steamer Catolis, of 1,200 tons have been sunk.

Rome, July 22.—Via London, 5 p. m.—An announcement issued today at the war office says:

"Between the Adige and the Brenta the artillery was active and our infantry maintained pressure over the whole line. In successful counters at the head of the Cla, Vanoi and Cisson valleys we took 253 prisoners, including nine officers and machine guns. We captured and consolidated the Rolle Pass. In the Seston valley we stormed Elser Peak, 2,649 meters, at the junction of the Boden and Bacher torrents, and consolidated our new positions.

"In the upper Plave we occupied another summit, thereby obtaining complete possession of Cima valley. Yesterday hostile batteries shelled Corina d'Ampezzo. We retaliated by bombarding houses at Foblach and Sillian in the Drave valley."

London, July 22, 2:05 p. m.—A spirited artillery duel along the British front in northern France during which the British front line and supporting trenches were bombarded with gas shells and projection containing eye irritants is recorded in today's war office report.

Aside from these heavy bombardments at several points on the front in the past twelve hours there have been no important developments.

The statement follows: "The artillery on both sides has been more active during the past twelve hours and British front line and supporting trenches have in several places been heavily bombarded with gas tear shells.

"Nothing else of importance has occurred."

German Attack in Vosges.
Paris, July 22, 12:30 p. m.—A strong German attack northwest of St. Die in the Vosges was repulsed last night by the French the war office report of today says.

On the Verdun front the Germans bombarded violently French positions in the sector of Fleury and Fumin wood. In the region of Moulin—Sous—Touvent a strong German reconnaissance was dispersed.

The statement says: "Between the Oise and the Aisne we dispersed a strong reconnoitering party of the enemy in the region of Moulin—Sous—Touvent. In the Argonne we exploded a mine with good results at Bolante. A surprise attack of the enemy against a small position at Pille Morte was repulsed.

Violent Bombardment.
"On the right bank of the Meuse there was a violent bombardment of the sectors of Fleury and Fumin wood. An attack by the enemy on a trench said to be taking definite form

through local bankers who, co-operating with eastern capitalists, have subscribed for \$6,000,000 in bonds issued by the Denver & Salt Lake Railroad. The tunnel, 6.04 miles in length, is to be drilled through James Peak, one of the lofty promontories of the Rockies, fifty miles west of Denver.

Thus the dream of the late David Holiday Moffat, once well known in eastern financial circles who, a generation ago came west and became interested in banking and building railroads, is about to be realized. The railroad Moffat built, now winds a tortuous way up the mountains, climbs over James Peak, at an altitude of 11,660 feet, and before reaching Craig, Colo., its western terminus, passes through fifty seven tunnels, most of them chopped out of solid rock.

The so-called Moffat Road was re-organized in April 1916. Plans were immediately begun to construct the tunnel, and bring the road down from the tops of the snow covered peaks to a lower altitude. The plans are expected to be completed within three years. The road is to extend from Craig, Colo., to Salt Lake City, 180 miles by air.

MURDERED BY JEALOUS MAN

Hotel Manager Kills Wife and Colonel Butler Whom He Had Invited for Auto Drive.

Washington, July 22.—War reports today from Alpine, Texas, giving further details of the shooting of Lieutenant-Colonel M. C. Butler by Harry J. Spannell, manager of an Alpine hotel, says Colonel Butler was "absolutely innocent of any wrong," and whatever the cause might have been, "it appears like a cold-blooded, premeditated murder by a man crazed by jealousy."

The report says Spannell invited Colonel Butler to ride in his automobile in a seat beside Mrs. Spannell and that Spannell then drove into the residential section of Alpine and killed both Butler and Mrs. Spannell.

"Just how the killing was done," says the report, "cannot positively be stated as there seems not to have been any witnesses present. Colonel and Mrs. Butler both associated freely with Mr. and Mrs. Spannell, taking frequent drives with the Spannells. Spannell seems to have been of extremely jealous disposition and it is stated that he had frequent disagreements with his wife who was a great beauty."

Colonel Butler will be buried in Arlington National cemetery here Monday.

UNITED STATES TO FORCE REPLY

Great Britain Must Make Complete Explanation Regarding Mail Seizures.

Washington, July 22.—If Great Britain's memorandum regarding mail seizures now on its way to Washington from Ambassador Page neglects to discuss the principles for which the United States contends as has been indicated in forecasts of its content, the American government will press for a complete reply making it plain that it considers delay in answering the American note inexcusable.

POSTERS MAKE ODD STATEMENT

Claim Negotiations Have Begun Between U. S. and Germany for Evacuation of Belgium.

Amsterdam, via London, July 22, 9 a. m.—Posters have been posted on the walls of barracks in Ghent stating that negotiations have been opened between the United States and Germany for the evacuation of Belgium, according to the Echo Belge. According to the posters Germany is prepared to withdraw from Belgium on the payment of an indemnity of 40,000,000,000 marks.

The Echo Belge comments sarcastically on this proposal, terming the proposed indemnity "a mere flea bite."

Italy has almost half a million organized agricultural workers.

HELPING DIRECT ALLIED OFFENSIVE

Gen. Frederick T. Clayton.

Gen. Frederick T. Clayton is one of the generals reported to be directing the great allied offensive on the western front.

WARSPITE SAFE IN HOME PORT

British Battleship Not Sunk in Jutland Battle—War Correspondents Find Vessel Good as New.

London, July 22, 2:45 p. m.—Doubts considering the fate of the British battleship Warspite which may have been caused by German assertions that she was sunk in the Jutland battle were dispelled when a representative of The Associated Press and other neutral correspondents visited this week a British port where the squadron of Vice Admiral Sir David Beatty was viewed. The entire squadron with light cruisers and destroyers was aligned ready for work. Whatever damages it suffered in the battle had been repaired and no scars were visible.

"Here she is as good as new" said the commander of the destroyer on which the party circled the Warspite within a stone's throw of her. She was able to return to port at a speed of 21 knots, a navy officer said, and was in dock undergoing repairs, two hours after her arrival.

PASSENGER ACTED VERY STRANGELY

S. Cooper, a resident of San Francisco, was taken into custody at the Union depot at 12:15 a. m. today, by Patrolmen T. H. Blackburn and C. P. Fitzgerald. He had been acting queerly and passengers at the railway station called the attention of the officers to him. When searched at the police station \$90 in cash and a ticket from Oakland, Cal., to Chicago, was found in his pockets.

It was at first thought that the man was mentally deranged, but it was found this morning that he was suffering from an attack of locomotor ataxia. Later this afternoon, he was reported to be recovering his normal condition.

FOREIGN SERVICE PAY VOTED OUT

Washington, July 22.—Millions for extra "foreign service" pay for officers and men of the army provided for in the army bill in the expectation that troops would be engaged in Mexico were voted out today on motion of Senator Chamberlain of the senate military committee who is regarded as speaking for the war department. The action was regarded as evidence that the leaders do not expect the Mexican situation to take the serious turn it promised when the army bill was in committee.

OFFICIAL PROGRAM FOR JULY 24

Street Pageant—9:30 a. m.

ROUTE: Parade forms at 28th Street and Washington Avenue; moves north on Washington Avenue to 24th Street; west on 24th Street to Wall Avenue; south on Wall Avenue to 25th Street; east on 25th Street to Washington Avenue; north on Washington Avenue to 17th Street; 17th Street to Glenwood.
